

**Rotating Knob Assembly (RKA, 11-0000)**

BILL OF MATERIAL:			
PART #	PART DESCRIPTION	QTY	<input checked="" type="checkbox"/>
11-1111	Contact-A	1	<input type="checkbox"/>
11-2222	Knob Rotator	1	<input type="checkbox"/>
11-3333	Knob Lock	1	<input type="checkbox"/>
WHEN COMPLETE: INITIAL & DATE →			

---

**NOTE:** Refer to [Figure 1](#) and [Figure 2](#)

---

- 1.0. Insert Contactor-A (*11-1111, 1x*), onto the Knob Rotator (*11-2222, 1x*). Make sure that slot of the Contactor-A is inserted over the notch of the Knob Rotator.
- 2.0. Slide the Knob Lock (*11-3333, 1x*) onto the Knob Rotator. Make sure that the cutout slot of the Knob Lock is aligned with the notch of the Knob Rotator.
- 3.0. Place aside the Rotating Knob Assembly; it will be used to build the Contact Switch Assembly later in the procedure.
